Headteacher: Mrs M McGettigan BEd (Hons)

20th December 2020

Dear Parent/Carer

Since last July we have been reviewing our curriculum in order to ensure our pupils receive a broad and balanced curriculum that is well-thought out and both knowledge and skills led. A priority is to ensure that our new provision is ambitious for all and is clearly sequenced to allow for progression and sustained mastery, meaning that our pupils will know more and remember more.

As part of this process, we have considered what our Intent is and what we want our children, at St John Rigby, to achieve from the moment they start school to the day they leave, as well as the skills they can take with them into future life.

Please find overleaf a copy of our Curriculum Intent statement, and an outline of our current school development plan, which outlines the priorities we have been and will continue to focus on this year.

Yours sincerely

Mrs M McGettigan
Headteacher
